Hi Lakita,

This email just came for the organizers of the WHO Air Pollution and Health conference that Jane is attending. No need to print out unless you want to, as Brianna and I will be putting together background and briefer for Jane for the meeting.

It also reminded me to check back with you to see if Jane or you had received the invite to the event yet. I had forwarded Jane's email to the US Mission person in Geneva who if interacting with WHO on the event. If you have not heard anything, I want to send a follow-up email to them.

You should have also received the name of a suggested hotel (Intercontinental) and a link to website to get a US Embassy negotiated rate. Let me know if you have any questions.
